Grand jury clears officers

TPD officers 'justified' in shootings

By Karl Eitters

Ean County grand jurors
on Tuesday cleared five Tallahassee
Police Department of-
ficers of any wrongdoing in
recent officer-involved
shootings.

The panel decided the use
of force was justified after
hearing evidence and tes-
timony from TPD's Of-
counsel, investigators, and
witnesses for two days.

Any time an officer fires a
weapon, his or her action is sub-
dject to a grand jury's inves-
tigation to see if the action was jus-
tified.

The TPD said the officers
acted lawfully to protect their
lives and others.

The jury found that offi-
cers acted lawfully to stop
Drac Snye and Jacoby Hurl during a four-hour pursuit.

Snye was killed, and Hurl was wounded.

The TPD said that the of-
cers were acting to protect
themselves and others.

"This is important so folks can know they have a job and they can keep their job. That would be important for people to know earlier. It helps to be more reliable and confident if they know they have a place to work.
